

Wildcat Ridge HOA Approved Colors Schemes

The 58 color schemes listed below are Kwal designations, although there is no requirement to use Kwal paints. To use other paint brands, obtain the designated paint chips (cards) and have the colors matched, or use a cross reference if available. Please exercise due care to assure the final result will match the scheme as designed. For Continental built homes, you may use just the Body and Trim to stay with a two color scheme, or adhere to the descriptions in the attached document (*Continental Three Colors*) for a three color scheme.

Note: Binders with these 58 schemes are available by contacting the management company via information@wildcatridge.org.

Body	Trim	Accent
1. 8693M – Stucco Greige	CW049W – Light Antique	8605D English Pine
