

PRIVACY POLICIES REGARDING RESIDENT PERSONAL INFORMATION

The Board of Directors for the Wildcat Ridge Community Association and its agents, Cobblestone Management and members of the website creation group (herein collectively referred to as the "Association") continually make every effort to abide by the highest standards for the privacy and protection of private and personal information regarding Wildcat Ridge residents, owners and agents (herein collectively referred to as "Residents").

Resident's private and personal information recorded via this website; listings in the Wildcat Ridge Community Association Directory of Residents; or any other recorded data has been obtained either from publicly available records or by express consent from the Residents - authorization having been obtained in the form of written communication or email correspondence. Reasonable care and review of information gathered for the Wildcat Ridge Directory and postings on this website has been undertaken by the Association.

The Association assumes no responsibility for the accuracy or content of the information contained herein. User names with password verification have been established on the website to allow for tracking accesses to these website data and are logged for audit purposes. The Association reserved the right to suspend any user recording comments or content that is considered by the Association to be objectionable.

Resident privacy is of the utmost concern to the Association. The Association will not sell, publish, or distribute lists of Residents and/or their private information. Information provided by logging onto the website and/or information listed in the directory will be used solely for purposes associated to activities related to the website and authorized sharing of personal information amongst the Resident membership.

Any comments or questions regarding the website, its contents, or these privacy policies should be directed via email to the site's web master or by correspondence to:
